

*Ideal* Stitcher Company

# ST-1

## Sign Stitcher Table

The ST-1 Sign Stitcher Table is ideal for quick, reliable fastening of open channel letters. Adjust the vertical height, press the actuator and the table leaf raises and locks in position to provide a flat, level work area. Press the actuator again, and the leaf drops to allow the finished letter to be easily removed.

The Ideal Sign Stitcher Table features a self-leveling lift that will raise and lower the table height for precise adjustment for each different letter.

The air operated folding table leaf drops and raises to allow the operator to easily place, and maneuver the letter as necessary.

**We design fastening solutions!**
